45 Seniors To Get Their '62 Diplomas

At 8:15 o'clock tonight (Friday) 45 Seniors at Pahokee High School will parade across the stage in the gymnasium and receive their diplomas from School Board Member Milton Carpenter after the class is presented for graduation by Principal Brooks Henderson.

Preceding the graduation exercises Robert O. Lampi's Pahokee High School band will play a concert starting at 7:47 p. m. and ending at 8:15 when the exercises are scheduled to start. The band will play the Processional and Recessional for the students marching in and out.

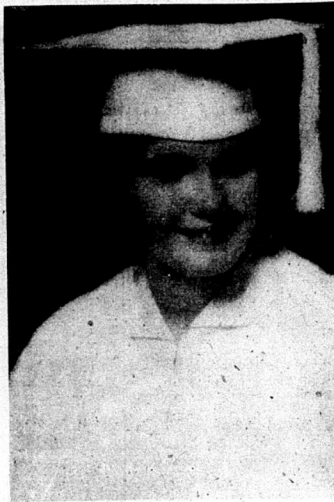

The feature address will be given Dr. Luther A. Arnold, Associate Professor of Education at the University of Florida. Robert Kenneth Eoe will deliver the Salutatory address. The invocation will be given by Rev. Ora R. Smith, as will be the benediction.

An unusual circumstance prevails this year in that two Canal Point girls tied for top honors and the class will have two Valedictorians—Miss Janette Harrington and Miss Katherine Young.

Canal Point Girls Tie For Top Honors Among The Seniors In 1962 Pahokee H. S. Graduating Class

MISS KATHERINE YOUNG

MISS JANETTE HARRINGTON

It took quite a bit of figuring and calculating at Pahokee High School this year among the instructors to decide who should be the 1962 graduating class Valedictorian. Finally, a decision was reached and this year's class will have the Valedictorian's honors split evenly between Miss Katherine Young, daughter of Dr. and Mrs. Wilburn C. Young and Miss Janette Harrington, daughter of Mr. and Mrs. Roswell Harrington.

Familiar Faces At New Sugar Co-op

The agricultural editor of this newspaper made a tour of the new sugar mill being erected by Sugar Cane Growers Cooperative of Florida at Belle Glade Tuesday afternoon. He saw many strange faces but also saw a few familiar ones. Ones who, through the years, have been identified with sugar production in the Glades.

Two especially were noted on the rounds. One was that of Pete McIntyre, newly appointed agricultural superintendent. He has had many years and years of experience with the United States Sugar Corporation and more recently with Okelanta Sugar Refinery, Inc., at South Bay where he was general manager.

The other was Maurice Fletcher who had been with the Okelanta concern for around 15 years. Mr. Fletcher is the son of Mr. and Mrs. R. P. Fletcher of Pahokee, and has been named purchasing agent for the new co-op. He and his family have lived in Clewiston for years. They will soon move to this side of the lake.

Street Light Fund In C. P. Needs Cash

Just a few days remain in which to raise the annual amount of \$600 for street lights in Canal Point, according to officials of the Lions club, the light-sponsoring organization. Donations are necessary to keep the light burning and the fund must be completed within the next 22 days.

Those wishing to make their annual donation to the light fund should give their check to Harlan Sears at Sears Hardware, Albert Fremd, Roswell Harrington, Bill Hobson or J. G. Weeks.

Tuesday, June 12, Set For WMU Meetings

The circles of the Woman's Missionary Union of the Pahokee First Baptist Church will meet at the homes of members next Tuesday, June 12.

The Lottie Moon Circle will meet at 3:00 p. m. with Mrs. C. A. Batchelor on Bacon Point Road. The Betty Mills Circle will meet at 8:00 p. m., instead of the usual morning hour, with Mrs. Guthrie Colvard. The other two circles will also meet at 8:00 p. m., the Grace Jergensen with Mrs. R. S. Douthitt and the Faye Taylor with Mrs. Edwin Todd, at 141 North Flame Ave.

Awards Program At Canal Pt. School

The annual awards program was held at the Canal Point school on Wednesday morning, June 6, with the principal, W. W. White in charge. A complete list of the awards was not compiled for publication at press time and we hope to be able to carry the full list next week.

On Monday It'll Be Dr. Charles Sears

On Monday night, June 11, at Emory University in Atlanta a local young man will receive his D. D. S. degree. The young man from this community will be Charles Sears, son of Mr. and Mrs. Harlan Sears of Canal Point. It goes without saying that Mr. and Mrs. Sears will have front row seats to witness Charles' graduation as a full fledged dentist.

The young Mr. Sears is married to the former Miss Stella Sue Barnes, daughter of Mr. and Mrs. Homer Barnes of Pahokee. They have two fine sons, Bruce and Reid. Charles has been mighty busy since his graduation from Pahokee High School several years ago. During the summers while in college (after serving a hitch with Uncle Sam's army) he worked with the Palm Beach County Zoning Department. Dr. Sears' many friends in the Glades will be glad to know that he is going to practice dentistry 'maybe not more than 100' miles from Canal Point. Then home folks will have opportunity to keep in touch with him. Charles is another one of the fine young folks from this particular area who is all set to make his mark in the world. This newspaper joins his friends in wishing him the best of luck.

REV SHELLEY TO RETURN

Rev. Robert Shelley will be returned to the Canal Point Methodist Church in Canal Point for his sixth year when the pastoral assignments are made today at the Lakeland Conference of the Florida Methodist churches.

There will be a swimming class each morning, Monday through Friday, from 9:30 to 11:30 a. m. Transportation will be arranged to the Pahokee pool where Coach Web Pelt and Mrs. Rita Sims will be instructors.

Principal White will be in charge of the sports and games each day and Mrs. Walston will supervise the arts and crafts program. A charge of \$1.00 will be asked from each one attending the arts and crafts classes to cover the cost of supplies.

Inspiring Sermon, Shelley To Seniors

The sanctuary of the First Baptist Church in Pahokee was filled to capacity Sunday night to hear Rev. Robert Shelley, pastor of the Canal Point Methodist church, deliver one of the finest Baccalaureate sermons that graduating Seniors of Pahokee High School have heard in many a day.

The invocation was given by Rev. Guthrie Colvard, pastor of the First Baptist Church in Pahokee, and the benediction was given by Rev. T. C. O'Steen, pastor of the First Methodist church in Pahokee.

The High School Glee Club, under the direction of Miss Ellen Morgan, sang "One World", with Miss Sue Brower giving the solo part.

In her usual charming manner Miss Jann Plumer, accompanied the Glee Club and played the Processional for the Seniors to make their entrance and she also played the Recessional as they marched out following the inspiring sermon.

**Adventists Plan
Camp Meeting With
6,000 Attendance**

FOREST CITY—The tent city has been set up here for the annual camp meeting of Florida Seventh-day Adventists, and pastors from the churches of the State have been busy making final preparations for an anticipated attendance of 6,000 this weekend.

The eight-day meeting begins Friday night with a keynote sermon by Pastor H. H. Schmidt, of this community, president of the Adventists' Florida Conference. His announced topic is: "The Fight, the Faith, the Crown."

The purpose of the session, according to Schmidt, is "to study the Scriptures in the light of present-day events, to re-emphasize spiritual values, and to study programs of church action."

The camp meeting here is a somewhat modernized edition of the old fashioned gatherings of the past century. Permanent facilities of the church's Forest Lake Academy, including the dormitories, are used, with the addition of 250 family tents pitched in an orderly pattern, and six large meeting tents used for various activities. Many families prepare their own meals in the designated cook tents, while others eat at the school cafeteria, or in a snack shop set up in one of the tents.

Members attend the camp meeting from every church in the Florida Conference. About 1200 persons live on the grounds, some staying for the entire session, and others only a portion. On the two Saturdays of the session, the day observed by the Seventh-day Adventists as the Sabbath, thousands come to spend the whole day. Many churches in the Central Florida area have no Saturday service during this time, as all their members are at the camp meeting.

The speaker at the main preaching service on Saturday, June 9, at 11:00 a. m. will be W. R. Beach, of Washington, D. C., general world secretary of the Adventists' General Conference.

**Rotarians Hear
W P Beach Policeman**

Lt. Joseph Macy of the West Palm Beach Police Department was guest speaker at the luncheon meeting of the Pahokee Rotary Club, last Thursday, with the president, R. O. Lampi, presiding. Lt. Macy, who is an instructor in the police school, was introduced by Rev. Thomas C. O'Steen.

Visitors were A. E. (Slick) Kirehman, N. T. Taylor, J. P. Halbrook, Rudolph Hooks and Lee Cranford, all of Belle Glade; Brooks Henderson and Frank Rozelle. James Bryant was the guest of student member, John Hundley.

Amphitheatre Will Remain Open All Summer, Lake Wales

LAKE WALES—Plans to get more year-round use out of the 3,500 seat natural amphitheatre two miles south of Lake Wales, winter home of the world-famous Black Hills Passion Play, are underway.

In past years the property has been closed at the conclusion of each season's production featuring Josef Meier as the Christus and his cast of 150 persons who portray the story of the last seven days in the life of Jesus.

The well known production was brought to the United States by Meier in 1932 and he established a permanent summer home in the Black Hills of South Dakota, near Spearfish, in 1938.

Next February 10th, the Play will open at Lake Wales for its eleventh season. Attendance here this year, the Play having closed Easter Sunday, surpassed all past records.

The Lake Wales Amphitheatre Corporation, a non-profit group of leading local citizens who last week re-elected Walter E. Zilahi, a ready-mix concrete businessman, as President.

In the near future, a covering will be erected over part of the seating space to protect audiences in the event of showers as well as from the heat of the sun, since there will be more matinees in 1963.

Florida residents and tourists will be welcome to visit the Amphitheatre grounds for rest, relaxation, and meditation. Further landscaping will be undertaken, featuring native flowers and plants and others to be imported from the Holy Land, with ladies of the local garden clubs assisting.

Additional benches and picnic tables will be provided and a sched-

ule of evening showings of travel movies is anticipated.

Eight or nine special Atlantic Coast Line and Seaboard Railroad special trains will be scheduled into Lake Wales during the 1963 Play season. Three special ACL trains in 1962 brought thousands to see the Play from the Tampa and Orlando areas.

Lake Wales citizens, in all walks of life who, as volunteers, contribute much of their time and effort to the success of the Play each season, are enthused over the Amphitheatre grounds remaining open every month of the year. They feel it will serve as a 'drawing card' to interest Floridians and out-of-state visitors in this part of the "Ridge Section" which, with Bok Tower and the Great Masterpiece nearby, is recognized as the 'cultural area' of the Sunshine State, offering a distinctly religious atmosphere.

A continuing schedule of news mailings to editors of travel magazines, newspapers, radio and television stations throughout the eastern states and Canada will be maintained.

Job Finding This Summer Not Easy

TALLAHASSEE—State Industrial Commission Chairman A. Worley Brown warns Florida's young people that job finding this summer will not be easy.

Last summer only one third of the teen-age job seekers were successful over the nation and the prediction for this year is substantially the same.

Brown pointed out that Florida's continued growth in population means a proportionately larger number of young people entering the labor market and, despite the state's continued industrial expansion, job opportunities for young people are on the decline.

Brown outlined reasons for this including increasing mechanization of jobs once filled by inexperienced temporary workers and the fact that many companies are leveling out work needs over the year, giving their present employees overtime rather than taking on temporary help.

Busch Gardens Will Be Expanded, Tampa

TAMPA—Anheuser-Busch, Inc. has announced a long range \$4 million expansion program for Busch Gardens which, when completed will make the gardens one of the nation's leading tourist attractions.

August A. Busch, Jr., president of Anheuser-Busch, said \$1.5 million has already been appropriated to get the expansion underway immediately. The project will include development of 105 acres surrounding the brewery and is scheduled for completion by the end of 1962.

Busch detailed the innovations at a luncheon given in his honor by the Tampa Committee of 100. During the affair, Busch received

an honorary citizenship award from Florida's Governor Farris Bryant for outstanding contributions to tourist and industrial development in the state.

Expansion plans call for construction of an authentic American Plains scene and African Veldt scene. Added to the collection of wild animals already at the gardens will be antelope, big horned sheep and road runners at the American scene. The African Veldt scene will display elephants, zebras, giraffes, camels, monkeys and other animals in their natural habitat.

Busch said a miniature train would also be used to take visitors on a two-mile tour through the American and African scenes.

May Cost You Cash To Flick Ashes From Your Auto

GAINESVILLE—Flicking ashes from the window of an automobile carries a possible \$200 fine in Florida, according to T. G. Herndon, farm forester with the Florida Agricultural Extension Service.

Anyone throwing or dropping anything that could start a grass or woods fire from a car is breaking a Florida law. And this includes lighted matches, cigarettes, cigars, ashes or any other flaming or glowing substance.

Herndon says a careless act of this type carries a fine of up to \$200, or a term in the county jail, or both.

If the act is proved intentional, the culprit may be punished by a fine of up to \$1,000 or a prison term of not more than three years, or both.

Herndon points out that 90 percent of all forest fires are man-caused.

ABC Is Purchaser Of Silver Springs

SILVER SPRINGS—Silver Springs, popular Florida attraction, has announced that American Broadcasting-Paramount Theatres has contracted to acquire the facilities based near Ocala.

Silver Springs is the second attraction in Florida to be purchased by the television-movie combine. The company also operates Weeki Wachee near Brooksville on Florida's West Coast.

It was stated the 3,900 acre area of Silver Springs is subject to a tax ruling before final transfer is accomplished. Purchase price and terms of the sale were not announced.

Silver Springs is actually made up of a group of attractions, most popular of which is the glass bottom boat rides. Other attractions are the jungle boat cruise, Ross Allen's Reptile Institute, Tommy Bartlett's Deer Ranch, Prince of Peace Memorial and the Cavalcade, which houses a collection of antique and classic cars.

W. C. Ray, Sr., and W. M. "Shorty" Davidson acquired Silver Springs in 1924 and developed it into a major attraction known throughout the world.

Christian Science Group Of Canal Point

The spiritual source of intelligence and creativity will be brought out Sunday at Christian Science church services.

"God the Only Cause and Creator" will be the subject of the Lesson-Sermon, which includes this passage from Isaiah (45): "I am the Lord, and there is none else, there is no God beside me; I girded thee, though thou has not known me."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy this selection will be read: "All substance, intelligence, wisdom, being, immortality, cause, end, effect belong to God. These are His attributes, the eternal manifestations of the infinite divine Principle, Love. No wisdom is wise but His wisdom, no truth is true, no love is lovely, no life is Life but the divine; no good is, but the good God bestows" (p. 275).

The Golden Text is from Hebrews (2): "Every house is builded by some man; but he that built all things is God."

Black Top Is Asked US 441 In Pahokee

The State Road Department in Fort Lauderdale has announced that very little work will be done in the Glades next budget year, 1962-1963 with the exception of rebuilding US27 on the south side of the lake. Many projects were sought by the board of county commissioners but they were turned down cold by the ruling authorities in the district office in Lauderdale.

Following that rebuff and the announcement that only 3 miles of Connors Highway from intersection of Muck City road east will be retraded, the Glades commissioner, Paul Rardin, is trying a new plan to get a little something done during the years that US27 is being rebuilt. A plea has been sent to top officials in Lauderdale asking that the Pahokee - Canal Point road between the north city limits of Pahokee and the railroad crossing at the Shirley plant, be black topped. An answer to the request has not been received.

The letter of request follows: Mr. Clarence E. Davidson, District Engineer, State Road Department, Fort Lauderdale, Florida. Dear Mr. Davidson:

The Board of County Commissioners has received a series of complaints as to the need for smoothing up State Road 15 from the north city limits of Pahokee southward to the U. S. Sugar Corporation railroad spur.

An examination of this section does indicate that it has become uneven and at places is in serious need of patching or leveling up.

The Board requested me to ask the State Road Department to look into this matter and take the corrective action the situation warrants.

Sincerely yours,
Stephen R. Middleton
County Engineer.
